Part 1.

My name is Agate, I am 15 years old, I was born in 2007 in the city of Atyrau. I am student of the 9th grade.

I appreciate them very much for this, I give them all of myself. I think I will stay here and study hard to pass the UNT. And then go to a good university. But I haven't chosen a profession yet.

I am very kind, I always help everyone and I am ready to help. About the character, I'm too nervous and aggressive, but sometimes I become calm even when I'm angry. I love cleaning, when everything is clean at home, my soul is in order.

Part 2.

- Hi, Aizere. What's up?
- We are going through a ^{them} (topic) about the environment.
- We talked about environment and save our sources and air.
- Our Homework was to help the environment?
- How do you think I can help the environment?
- Let's do some volunteering?
- let's do some volunteering during the summer holidays?
- Thanks ~~you~~ for your ~~advice~~ advice.

It's a bunch. They went bowling and have a good time. They have a lot of fun. They cheer for their friend and support him. That's what real friends are like, to be the right support at the right time.

Dialogue

Hi Aianu! I'm well. How's school going?

Oh, this very important theme. What have you learned?

- In our city have a lot of environment problems. For instance dirty air, trash in the outside, few trees and grass. Also, this problems very dangerous for people, animals, plant and the environment.

- It's good idea. Volunteering is charity. We must to help our environment. This is our responsibility.

- Yes, of course. You can help and all world can to help our environment. We can stop pollution of the oceans, don't waste water and recycle plastic bottles. Government can invest in power plants that produce renewable energy. These changes in the way we behave larger groups can all help to produce a more sustainable way of living.

Monologue

In this picture describes friends. They're having a great time. They have fun, eat outdoors and sing. They are very happy and cheerful. A guy with a beard plays guitar and his friends support him and sing. They got along well with each other. I think they been friends with each other for a long time.
